

Thank
you

Dear Jill et al -

We so much appreciate all that you continue to do to honor our troops, both while deployed, and now returning home. We so much appreciate you thinking of us this year, so we can continue providing service dogs to our veterans suffering from PTSD and TBI.

One of our recent graduates recently said, "What can I say but I am here today because of my service dog. This program gave me my second chance in life for me and for my family!" YOU helped make that happen! The Paws and Stripes Team
